

KITTEN IMMUNIZATIONS

Initial kitten vaccinations start at 7-8 weeks of age with boosters every 3-4 weeks until 15-16 weeks of age. It is very important to remember that your kitten is not protected until **ALL** of the vaccinations have been completed. Exposure to other pets during the vaccination series should be minimized.

The following is a checklist schedule for your kitten's immunization program.

Age	Date Due	Vaccination/Deworm
8 Wk		<input type="checkbox"/> FVRCPC <input type="checkbox"/> Deworming
12 Wk		<input type="checkbox"/> FVRCPC-FeLV <input type="checkbox"/> Deworming <input type="checkbox"/> FeLV/FIV test (<i>discounted with kitten pack</i>)
15-16 Wk		<input type="checkbox"/> FVRCPC-FeLV <input type="checkbox"/> Rabies <input type="checkbox"/> Deworming <input type="checkbox"/> Estimate provided for spay/neuter
4-6 Mo		<input type="checkbox"/> Microchip (<i>discounted with kitten pack</i>) <input type="checkbox"/> Spay/Neuter (<i>not included in kitten pack-estimate will be provided</i>)

SPAY/NEUTER

We recommend spaying or neutering at 4-6 months of age (16-24 weeks old). In females this **prevents heat cycles greatly reducing the risk of cancer and infections** (breast, ovarian and uterine). In males this **prevents testicular cancer, reduces chances of prostate disease, and minimizes behavioral issues.**

"KITTEN PACK"

Here at Gem Veterinary Clinic we feel that the key to a healthy adult needs to start as a kitten. To make this easier and more cost effective for you we have put together a package that includes...

- **ALL** vaccinations for the first six months of life (*see above*)
- **FREE** deworming during kitten vaccine series
- **FREE examinations** up to 6 months of age (does not include tests/treatments)
- **15%** off of a microchip for your pet in case he/she ever gets lost or stolen.
- **15%** off of FeLV/FIV testing

If you purchase the kitten package you get a discounted price of \$110 (regular \$130) which is a **15% savings**. *This can be pro-rated if your kitten has already received his/her first set of shots (ask for details).*

We offer these packages for your convenience and to ensure that your kitten is receiving the appropriate vaccinations because your pet's health is extremely important to us! If you have any questions or concerns please feel free to ask.
